Speech & Language Enrichment Groups:

Take advantage of our affordable enrichment groups this summer!

6 Week summer session

*Dates:
July 5th to August 15th 2017*

Summer 2017 Groups

Work on speech, language, social and feeding skills this summer by taking advantage of our affordable speech and language enrichment groups!

Our groups are designed to meet the needs of each individual in the group. Clients are grouped together based on age and ability.

Our small group sizes maximize participant benefit. Groups are made up of 2-5 participants and sessions are approximately 1 hour long. Sessions are available in our Hauppauge clinic. Each group is facilitated by a licensed speech language pathologist and additional staff as needed.

Social Skills Groups

Improve social skills in a natural and therapeutic environment. Group activities are the preferred method for treating pragmatic language deficits. Through structured activities, goals such as improving eye contact, attending to speaker/listener responsibilities, verbal and non-verbal turn taking, initiating conversation, maintaining conversation, terminating conversation, requesting, and responding to social overtures are addressed. (Participants will be grouped by age. Available for children ages 4 to 12.)

Game Night

Social skills group for teens and adults. Group activities are the preferred method for addressing pragmatic language deficits. Through structured activities, goals such as improving eye contact, attending to speaker/listener responsibilities, verbal and non-verbal turn taking, initiating conversation, maintaining conversation, terminating conversation, requesting, and responding to social overtures are addressed. (Participants will be grouped by age. available for teens 13 and up, and for adults).

Mommy/Daddy and Me

Improve early speech, language and play skills through the use of sensory and motor activities, song, play and group activities. Targeting early speech, language and communication skills, vocabulary and speech sounds. Parent participation will be required for this group. (Targeting children ages 2-5).

Sound Station

Work on speech sounds during fun filled group activities. Children are grouped based on age and ability. Fun gross motor and sensory based activities such as obstacle courses and art activities are incorporated into the sessions. Children will practice their targeted sounds throughout each activity (grouped by age- available for all ages).

Language and Laughs

Practice critical language skills such as receptive and expressive vocabulary, basic concepts, prepositions, following directions, giving directions, and answering/asking questions. Children will be grouped by age and ability. Participants grouped by age. Available for children ages 4 to 12.

Food is Fun

For children who have a limited number of preferred foods. This group exposes children to foods with varying flavors, textures and temperatures in a non-threatening manner. Children are encouraged to explore foods using all senses and to try presented foods. Participants grouped by age and ability, available for children ages 4 to 12.

In order to help us formulate well matched groups, please indicate all days and times that you are able to attend:
